PRESIDENT'S WELCOME

Welcome to Gatlinburg,

It is for the purpose of renewal that we assemble ourselves together; to uphold, strengthen and encourage one another is our desire.

“Appearances may seem forbidding, but in the darkest hour there is light above.” AA 242

I remember a few years back when the long Tennessee winter days, with their overcast skies and cold wind, certainly made appearances seem forbidding! It had been over three weeks since I had seen any sunshine at all. But...I had to take a plane to visit family and upon takeoff, we climbed higher and ever higher until we broke through those forbidding clouds the sun shone so brightly it was almost blinding - but I turned my face to feel its warmth and remembered that in the darkest hour, there is light above!

“The strength of those who love and serve God will be renewed day by day. God is able and willing to bestow upon His servants all the strength they need and to give them the wisdom that their varied necessities demand. He will more than fulfill the highest expectations of those who put their trust in Him.” AA 242

As you are here in this place, we pray that “you would know the love of Christ, and that you might be filled with all the fullness of God.” Ephesians 3:19 To this end we come together and may the desire of our hearts be “Fill Me Now” Lord Jesus!

Joyfully Serving You -

RETREAT OVERVIEW

DON MACKINTOSH

Over the years in my witnessing in the marketplace, I've interacted with people of many races and cultures. I am discovering how powerful God's Word and the Adventist message is in these interactions. During this series of presentations, I will be sharing some of what the Lord has shown me about effective witnessing. Each presentation will be filled with stories and the underlying Scriptures that are used to lead these interactions. My first presentation will focus on a Psalm of David that I have seen lift the spirits of many many people from discouragement and depression. My second presentation is based on Daniel 8:14 and shows how the 2300-day prophecy provides a paradigm for effective witnessing. My third presentation looks at how to utilize the Ten Commandments in conversation and counseling. My final presentation will show how to give an overview of Adventism that is comprehensive and Christ centered. My prayer is that this weekend will not only grip you but that it will also equip you to be more effective in the marketplace for the Master.

STEVEN GRABINER

Leadership has never been more challenging than today. In the world, our ministries, businesses, and churches operate in increasingly volatile, uncertain, complex, and highly connected ways. Yet there are steps that you can take to keep your leadership up to the changing challenges. This series focuses on how leaders keep themselves at their best, overcome the tendency toward self-doubt, and use biblical and scientific guidance to create effective teams. If you feel your leadership could use a tune-up, or are simply interested in learning more then join us to gain helpful and practical information.

CALVIN KIM

God's ways are antithetical and counterintuitive to our ways. You want to be rich; God tells us to give. You want to be first; God tells us to be last. You want to be strong; He says be weak. You want to be exalted; God says humble yourself. You want to be happy; God tells us to serve others. You want victory; God tells us to surrender. The theme of this conference is "Fill Me Now"! You want your cup to be filled. How do we obtain this? The key is God's way. Focus your energy and efforts on filling the cup of others and watch your cup fill up! This Seminar tract is designed to get you **INSPIRED** and teach **SiMPLE** pearls and **PRACTiCAL** ways on how you can best fill the cups of others and experience bountiful blessings in return!

*Guaranteed to work or your money back!

ASI PROJECT OFFERINGS

2023 PROJECTS

Network 7 \$8,500

Network 7 Media Center launched C4 Media Mission School to train Media Missionaries to share the Three Angels Messages through ASI, OCI and denominational ministries around the world. C4 is Consecrated Creators Communicating Christ. Your gifts through ASI will bring current technology, cameras,

computers, and lighting to the C4 setting. One of our 2023 students has already started a YouTube channel and is eager to apply the training received in Network 7's C4 classes. Media Missionary coaching is conducted on the campus of ASI member ministry, Beacon Academy.

AudioVerse \$12,500

With over 30,000 entries in the AudioVerse library, locating the right message can be like finding a needle in a haystack. This project will help us create powerful tools to enable the most relevant content to be

discovered by each user. It will not only make AudioVerse easier to navigate for existing users, but also enable us to be far more targeted in our evangelistic effort to reach people not of our faith online with the everlasting gospel.

ASI PROJECT OFFERINGS

SALT Outreach **\$8,500**

SALT Outreach runs a mobile drop-in center for people experiencing homelessness

and serves up to 200 people a day, with 12 different services (including case management and mental health counseling), five days a week. In about two years, SALT has served over 5,000 people 250,000 different times. Area pastors have received overwhelming requests for Bibles that SALT has not been able to fulfill. ASI Southern Union funding is helping to get Bibles into the hands of the people we serve, and it will contribute to baptisms. We believe it will contribute to helping to end homelessness for over 50 people and that 10 of our unsheltered friends will make the decision for baptism in 2023.

Lifestyle Serra Do Cipo **\$8,500**

Since its founding in September 2015, Lifestyle Center Serra Do Cipó has been committed to promoting eight healthy living habits, which are crucial for a better quality of life and essential for maintaining health and longevity. In such a short space of time, hundreds of people have transformed their lifestyles and have been able to return to a routine of peace and well-being. While understanding that health is not just about what we inherit from our parents, we believe it is much more about a balanced and regulated life. Our project goal is to build 10 houses to accommodate ministry staff on our property. Since the beginning of our ministry, our workers have lived in the same building where they work. That fact has hindered us from having long-term committed and skilled workers. Right now, we have six families living with us and a total of 20 volunteers. Your support in building these much-needed homes would be a true blessing to the ministry.

ASI PROJECT OFFERINGS

Living Springs Retreat \$15,000

Living Springs Retreat is a lifestyle center originally started in New York in 1980. It re-opened in Alabama in 2010. We have been operating the Lifestyle Center and online store. Since 2015 we have had 431 live-in guests and in 2020-

2022 we also held a number of virtual sessions with 189 guests. This has been an extremely rewarding work and we are thrilled and blessed to be a part of people changing their lifestyles and experiencing the healing God gives. We recently received approval from the FCC to operate a radio station. We believe this is an amazing opportunity to reach people in our surrounding communities and beyond with the combination of the gospel and the health message. The funds requested will be utilized to purchase what is needed to broadcast our content. Since our ministry has experience in holistic health, we are excited to expand our sphere of influence to those that do not know there is a better way of life.

National Association for the Prevention of Starvation (NAPS) 11,500

In late March 2021, NAPS suffered from the devastating effects

of a tornado. Since then, we have been able to rebuild most of the structures with the exception of the dormitory. We have students and medical missionaries who come from near and far. Right now, we need a place to house them. Funds received from the 2023 ASI Southern Union offering will allow us to build the needed dormitory and enhance the classrooms and teaching facilities. We are grateful for ASI-SU's prayers and support.

ASI PROJECT OFFERINGS

Wildwood Lifestyle Center \$8,500

The Wildwood organization has been carrying on the heritage of growing the ministry of Christ since 1942. Services are offered that teach, feel and empower individuals to achieve a healthy lifestyle enabling them to live a life

of service to others. In an effort to win souls for Christ, our ministry also runs a lifestyle center clinic, a natural food store, an organic farm, and a community outreach center through our better living center.

Your gift will help fund a spa installation and remodel the hydrotherapy facility.

Fletcher Academy \$7,000

Fletcher Academy has been transforming lives for Jesus for 112 continuous school years - impacting the lives of over 3,500 young people through the years.

God's blessing is evident as we continue our mission in providing a high-quality distinctly Seventh-day Adventist education to over 375 students enrolled at our

schools (K-12). We never want to forget the way the Lord has led us.

The funds we are requesting will go towards the purchase of a 12-passenger van for transporting students to outreach activities and for use in farm deliveries to those in need.
